Reasons and hopes

Mas nya …

All out dalam mencari kekurangan dan kelebihan product
Mudah untuk dihubungi dan paham mengenai tech
Komunikatif, informatif & have a sense of responsibility in project.

lebih bisa clear define kebutuhan sistem
Several issues related to the project that have not been resolved. There are many cases in project that have not been discussed & are still unclear and have not been documented. I hope as a PO can help to solve this.
semakin kompak

Yanu as a Lead

★★★★★ 4.42

Reasons and hopes

Mas nya …

peka pada tim, mau untuk ikut membantu tim dalam menyelesaikan masalah, termasuk ikut terjun ngoding juga
pintar, punya gambaran yang luas tentang project
sudah baik dalam menjadi seorang lead, bisa membantu menyelaesaikan masalah2 yang ditemui
Selalu mengumatakan membimbing drpada memberikan solusi langsung.

mungkin pandangan dan rencana terhadap project bisa lebih terbuka ke semua anggota tim
mungkin bisa lebih rutin one on one dengan anak2 nya
Mampu lbh menengahi (membatasi) lgi, antara goals yg di inginkan oleh PO dgn teknis yg possible kita kerjakan. Selama ini kita kebanyakan meng-iyakan apa yg di inginkan oleh PO. tanpa negosiasi.

SCRUM ON!
